STOCKS.

Yesterday's market was soft and weak throughout. Operators are timid and apparently would rather sell than buy. A lack of confidence in the future and a thorough suspicion of the veracity of all reports from headquarters sit like grave-stones upon the securities.

The Chronicle's dispatch of last night says: "The mysterious manifesto of the Council of the self constructed 'Citizens' Protective Union' adds another uncertainty to the future. It is regarded as a virtual reorganization of the old vigilance committee, and will do more in the present state of affairs to depress values than even an attack by the Kearneyites on Chinatown. It was totally unexpected, and some idea of the general feeling is afforded by the fact that no paper as yet has ventured to comment editorially on the pronouncement."

Mono has an Irish dividend of \$1.

DR. D. BANKS MCKENZIE.

HE MEETS WITH A COLD RECEPTION IN CARSON.—HE EXPRESSES HIS VIEWS ON THE PRESENT OUTLOOK OF HIS CAMPAIGN.

Dr. D. Banks McKenzie, the temperance reformer, is not particularly pleased with the character of his reception in Carson. On Monday night he opened the temperance campaign at the Opera House, but the size and enthusiasm of the audience was anything but cheering. When the Dr. appeared upon the platform he was not greeted with the spontaneous burst of applause which he really deserved under the circumstances, and the effect of the apathy on the part of his hearers had an observable influence upon his discourse. The meeting closed at an hour which prevented the APPEAL from having a full report for yesterday's issue; herewith is a portion of the gentleman's remarks:

MCKENZIE'S SPEECH.

As the Doctor looked over the cold, cheerless hall and felt the lack of enthusiasm, he alluded to the fact that a year before he had entered upon his work in Carson and met with anything but a cordial reception. There was something of that apathy yet. He felt, however, that heaven had designed him for a good mission and he should carry out his work. He, as yet, had made no provision for the future and believed that when he had become worn out with his constant labors, the doors of some poor-house would open to receive him. Such a thought would not deter him from his work, and he should carry out his mission in future with the same zest which had characterized his labors in the past.

THE SLANDERER SCORED.

After dwelling for some time on the evil effects of intemperance he scored the gossips and back-biters in terse and forcible language. "Nothing," said he, "is so mean, contemptible and cowardly as the tongue that stabs reputations. Abstinence from drink is not the only thing that must be observed; people who really mean to do good must abstain from slandering as well. I loathe and despise the tattlers and busy-bodies."

THE CLUB'S DEBT.

There was a debt of some \$75 on the Club which the speaker wanted to see paid off. He proposed to raise the amount right there and would give \$5 himself to start the ball. The speaker paid the money, and this spurred several of the leading members of the Club to action and \$42 was raised. The meeting then closed with singing, Miss Martin presiding at the piano.

THE REFORMER INTERVIEWED.

An APPEAL reporter found the Doctor at the Ormsby House yesterday morning and interviewed him on the situation.

"I was somewhat surprised," said he, "to find so much indifference here. I left the Club sanguine and enthusiastic a year ago and on returning find it lukewarm and dispondent. There is not the hearty, warm style that I noticed at Ogden, Reno and Virginia City. On the Comstock especially the reformers are brim full of enthusiasm. They feel that I really accomplished much good for them and acted as if they felt indebted to me for what I did. Here the members seem to have lost all zeal in the work."

Reporter—Do you take into consideration that business is dull and times hard?

MCKENZIE—I admit that, and when it comes to a pinch the temperance people are not as ready with their coin as the other kind. Of course I do not mean that any one should spend money as drinkers do. I have seen men walk up to a bar and spend a dollar to keep up appearances, when their families were starving and the children shivering with cold. I see bars in almost every hotel, and if the bars were taken away I hardly think the temperance people would support the houses. What is needed on this coast is a big asylum for inebriates combined with a home for disabled railroad men. I propose to form clubs in all the towns and if each member would give four bits or a dollar a month, an asylum could be built which would furnish a home for lots of good men, who through no fault of their own have become slaves to drink. I do not propose to become discouraged, however. I shall rouse the town yet, and continue my work until there is a regular substantial temperance boom in progress in Carson.

INTRICATE LAW.—Ah Sue, a Chinaman, was arrested a few days ago for opium smoking and brought before Justice Cary, who fixed his bail at \$200. He was to have been tried to-day, but the Grand Jury indicted the Chinaman and took him out of Cary's hands entirely. This turn of affairs astonished the Court considerably and Mr. Cary is now anxious to ascertain by what process he can keep his official claws on the Chinaman. As a last resort he thinks of going after the bondsmen, who have agreed to produce him at 10 o'clock this morning, and will be unable to do so unless the District Court gives the necessary permission, which it is not at all likely to do. He is now out on \$500 bail.

LINCOLN ACQUITTED.—Buss Lincoln, the young man who was arrested for opium smoking some weeks ago, was tried in the District Court yesterday. The officers testified that they found the defendant in an opium den and believed he was smoking from the fact that he had a pipe in his hand when found, the room was filled with smoke and the bowl of the pipe was warm. The jury found a verdict of not guilty. Edwards and Stewart defended the case.

BRIEF MENTION.

The V. & T. R. R. Company distributed \$3,500 last pay day.

Number 27, owned by a cook in Clesovich's restaurant, won the revolver at Farrell's cigar store last night with a throw of 40.

Michael Gregovich, proprietor of the Monarch Saloon, won the \$100 raffle raffled for at the Delta saloon, Virginia City, on Saturday night.

Up to 1 o'clock this morning there was no snow storm. People were more than astounded when they woke up and found there was not a foot of snow on the ground.

Brown & Davis' dancing school is well attended. Last night the Prairie Queen quadrille was introduced for the first time in this city and gave excellent satisfaction.

D. Banks McKenzie held another meeting in the Opera House last night to a fair audience. He seems to be waking up the people with his theme of temperance and there are signs of increased interest.

Yesterday morning's train was six hours late. The delay was caused by trouble near Emigrant Gap. A terrible wind-storm blew down some snow-sheds and a portion of a bridge. The road is now clear.

A man who was asked yesterday in the Lincoln trial, if he thought he could render a fair verdict according to the law and the evidence, promptly replied on his oath that he could not. He was excused.

JAIL PASTIMES.—The prisoners in the County Jail manage to while away the hours in the jolliest possible style. A merrier set of thieves, burglars and vagrants were never assembled together under one roof. There has been a sort of wane in the theological boom, and the revival meetings have given place to sham trials. Each new man is charged with some horrible crime, and the regular court proceedings are gone through with. These trials are huge burlesques on the law, and sometimes the officers who are listening are convulsed with laughter at the sharp hits. A man who is tried is always found guilty, the court considering it a good joke to shut out all the evidence in his favor. The punishment is generally accompanied by laying the prisoner down on a bench and giving him five hard slaps with a barrel stave. There is talk of organizing a minstrel troupe. The prisoners say that the outside world doesn't realize the rare fun they enjoy.

THE GALLINACEOUS AND BELICIOUS FOWL.—The Enterprise of yesterday has the following regarding the big cocking main which comes off to-morrow evening: "Next Thursday afternoon, at 2 o'clock, at the Elk Saloon, the game chickens lately brought from Canada will be pitted against a lot of Detroit cocks. Since their arrival here the Canada chickens have been put in fighting trim by a Comstock cocker, and they will be backed by certain of our sporting men, through whose instrumentality they were brought to this place. A large amount of money will be likely to change hands on the results of the several contemplated matches." The exhibitions of fancy poultry are liable to attract quite an audience from this city. Several of our leading business men will go up to-morrow to "take a look at the mines."

MUSICAL.—Miss Lizzie Davis, of Virginia City, teacher of the violin, comes to Carson every Monday and remains until Wednesday. Adults or children wishing to become rapid and correct performers on the violin, and to acquire a profound knowledge of musical time and to read readily, also general musical theory can get all necessary information as to terms, etc., by inquiring of C. A. Maxson, photographer, or at the Arlington House. Lessons in dancing given by Brown & Davis at Arlington Hall every Tuesday from 11 A. M. till 9 P. M. Social every night after dancing school. m9

DEATH OF ENOCH PIXLEY.—On Sunday last Enoch Pixley, the father of Mrs. Mary Whitford, Mrs. J. C. Dorsey, Mrs. George Mills, Beam, Matthew and Robert Pixley, died in Bodie. Mr. Pixley came to California in 1858 and two years later located in Nevada. He was a miner for several years in the Eastern part of the State, after which having no permanent location he wandered about through Oregon, Arizona and California buying and selling mining property. He went to Bodie but a few days ago was seized with pneumonia and died.

FIRE IN THE APPEAL OFFICE.—About 5 o'clock yesterday morning a fire alarm was sounded which brought the department out amid a general uproar. The fire proved to be in the APPEAL office, and is supposed to have been caused by a defective flue. There was no fire in the office after 3 o'clock in the morning, and it is probable that some sparks lodged in the soot only to flame out later in the morning. The damage was hardly worth mentioning, but would have destroyed the office had it not been discovered in time.

BALL TO-NIGHT.—The Opera House ball which comes off to-night promises to be a well attended affair, as nearly all the tickets have been sold. The raffish for the seal skin saccue will bring out all the young ladies of the city.

ILLUSIONISTS.—Thorn and Darwin the illusionists, late of Egyptian Hall, London, will exercise their devilish ingenuity at the Carson Opera House on Monday and Tuesday evenings of next week.

WE CAN'T TALK

Without showing the condition of our teeth. Every laugh exposes them. In order not to be ashamed of them let us use that standard dentifrice, SOZODONT, which is sure to keep them white and spotless. No tartar can encrust them, no canker effect the enamel, no species of decay infest the dental bone, if SOZODONT is regularly used. It is a botanical preparation, and its beneficial effects on the teeth and gums are marvelous, as it removes all discolorations, and renders the gums hard and rosy. m7

ATTENTION!—The greatest wonder yet discovered in medicine is Mrs. Dr. Howe's celebrated rheumatism, neuralgia and toothache cures. Would you rather suffer the pain of having a tooth drawn than buy a bottle of Mrs. Dr. Howe's toothache medicine? Mother should not be without it for their infants. A few drops in a little sweetened water to swab a teething baby's mouth will instantly relieve the little sufferer. The medicine does not canterize, and is very pleasant. Sold by all druggists. mh7

PROFESSOR LANGER'S MUSIC CLASS.—Prof. Langer, the well known leader of Piper's Orchestra, has started a music class in Carson. He has already received a number of scholars from the best families in the city, and his thorough methods of instruction give the best of satisfaction. He gives vocal and instrumental instructions and teaches on the piano and violin. He will give lessons on Wednesday of each week. Orders can be left at the APPEAL office. f21-1m

THE CHEAP PRICE DRY GOODS STORE.—All the divorce suits started in Carson arise from the fact that husbands are driven nearly crazy by the extravagance of their wives. By trading at M. Cohn's these troubles can be happily avoided. He has now on hand a new supply of ladies' cloaks, children's wool-goods and in fact everything that a woman wants in the shape of clothing. His is the original one price dry goods store and he defies competition.

WANTED.—A small, unfurnished house, situated west of Carson street. Apply at this office.
